OCT 15 1915

TEXTILE WORLD RECORD

INDEX TO THE CONTENTS

OF

VOLUME XLIX

COMPRISING

April, 1915—September, 1915

(INCLUSIVE)

LORD & NAGLE COMPANY
BOSTON

General Textile Subjects

Including Cotton, Silk and Woolen

Accidents in Cotton Mills. The Prevention of 622
Acid in Oil 101
Administration and Business Men. The 240
Agricultural and Mechanical College 197
American Cotton Manufacturers' Association 65, 176
American Textile Schools 535
American Woolens Wanted in France 70
Army Contracts. French 402
Army Contracts Modified for the Benefit of Americans. French 321
Ball Bearings for Cotton Mills 631
Baize. Facts About 663
Bark. Sample of 352
Basket Weave. Designs for a 537
Buntal Fiber 442
Business Efficiency in Connection with Cotton Mill Management 190
Chemist and Industrial Development in the United States. The 74
Classification of Raw Silk by Its Defects. International 81, 157, 326
Cleaning Yarn. Apparatus for 645
Cloth Cutting Dies 351
Colors for Soldiers' Clothing 531
Commerce Reports 600
Concrete Construction by Cotton Manufacturers. Uses for 288
Cooling Ponds for Condensing Engines 626
Cost of Woolen Goods. Estimating the .... 9?
Cost of Wool Goods in English Mills. Estimating the 419
Cost System for a Shoddy Mill 532
Crimp in Tire Fabrics. Determination of 498
Cotton as Contraband 587
Cotton Card Room. Experience in a..... 661
Cotton Cloth. Breaking Strength of 171
Cotton Fabrics for Aeroplanes and Dirigibles 325
Cotton Fabrics. Novelties in 76, 342
Cotton for Explosives. The Use of 315
Cotton Goods. Weaving Light 446
Cotton in the United States. Stock and Consumption of 404, 492
Cotton Manufacturing in China 412
Cotton Roving. An Apparatus for Steaming 97
Cotton Spinning and Weaving Mill. A 436
Cotton Staple and Illustrations of Their Application. Methods of Determining 613
Cotton Textiles in Argentina 318, 414
Designer Made Good. How a 659
Drying of Textile Materials. The Scientific 528
Ells. Long 101
Embargo on Wool. The British 399
European Textile Industry 68, 147, 305, 405, 497, 597
Export Possibilities 233
Export Trade. Limitations on Association Activities in Developing 217
Fabric for Fire Hose. A Woven 425
Fabric for Men's Wear 418
Flax Crop. The Netherlands 95
Flax or Hemp for Spinning. Preparing 127
Gun Cotton 503
Hammock Fringe Machinery 669

TS1300
.T36

Humidity and Regains on Wool and Cotton. The Relations Between 224
"Imported" Cloth. Buying a Suit of 332
Insurance Methods for Payment of Large Losses 228
Iowa Idea. The New 590
Italian Cotton Industry Since the War. The 501
Jute and Hemp. Germans Find Substitute for 642
Kapok 519
Labor Problems. Some 618
Laundrymen and a Merchandise Marks Act. The 589
Law Against Fraudulent Advertising 398
Law on Unfair Competition. French 643
Made in the United States 58
Measuring of Textile Fabrics. The 85
Merchandise Marks Act. The Mills Bill and the 304
Middle States Textile Manufacturers Association. The 498
Mill Man in the South. A Northern 73, 313
Mill Supplies. The Systematic Purchase and Care of 206
Mohair Fabric. A 571
Moisture Regain for Worsted Tops 59
Moisture Tests on American Cotton at the Havre Conditioning House 230
National Association of Cotton Manufacturers 66, 198, 607
Odor from Bleached Wool. Removing 533
Patent Law. Working Clause in 170
Patent Legislation 202
Patents. Licenses to Work Enemies' 169
Percentage of Different Materials. Determining 534
Permutized Water for Processing Yarns. The Value of 243
Pile Goods. Shearing 173
Power for Driving Machinery 442
Price Ever Paid for Wyoming Wool. The Highest 409
Prize Winners. The Textile World Record.. 418
Production and Cost. Relation Between..510, 603
Pure Textile Bill. The Smith 63
Scientific Management in a Cotton Weave Room 526
Selvages. Rolled 666
Sheep Dips in Uruguay 656
Sheep Dip. Lime in 169
Sheep Raising in Oklahoma 591
Shoddy in Woolen Fabrics 155
Silk Association. Meeting of the 64
Silk Culture in America 332
Silk Goods. Streaks in 102
Silk Industry. Italy Promotes the 433
Sizing of Warp Yarns. The 323
Slasher Blankets 535
Southern New England Textile Club 233
Solidonia 353
South American Trade. Weights and Measures 56
Southern Textile Exhibition 413
Southern Textile Industry. The 639
Splits in Silk Ribbon 351
Spinning. Broken Ends in 669
Spinning Cotton Yarn. Machinery Required for 668
Spinning Machines. A Tension Regulator for 525
Spinning Machine. A Wet 128
Starch. Testing 664
Stop Motion for Yarn 173
Strips on a Card. Flat 171
Testing Cloth for Its Wearing Qualities 660
Textile Analysis. A Discovery in 397
Textile Calculations. "Straight Line" 427, 514, 650
Textile Exhibitors' Association 23
Textile Exhibition for 1916. The 408
Textile Industries and Europe's Calamity. Our 223
Textile Industries of Great Britain and Germany. The 328
Textile Industry and the Chemist. The 53
Textile Machinery Exhibition for Boston in 1916. New 58
Textile Schools Doing all that Should be Expected of Them? Are the 624
Textile Standards—When? 322
Textile Sur-Names 444
Textile Testing House at Philadelphia. A .. 519
Textile Unions 494
Thread Guide. An Improved 331
Tops and Worsted Yarns. The English Market for 506
Trade Abuses and a Remedy 193
Trade Abuses in England 346
Tubular Fabrics. Weaving 536
Tubular Goods. Weaving 657
Twisted Net Fabric. A 645
Velvet. Spots on 175, 665
Wages in Cotton Mills. Piece Rate 213
War and Foreign Trade. The 304
War. Anticipating the Close of the 426
Warning. A Timely 658
Warps. Sizing 535
Warps. Weight of 445
Water of Condensation. Cooling 692
Weaves. A Handbook of 87, 163, 337
Weaving. Draft for 669
Weights and Measures in Porto Rico 146
White Cloth. Inspection of 98
Wool for American Mills. Bettering the 153
Wool Goods in Golden Square in War Time 168
Wool Goods for Khaki. Philippine 440
Wool Goods. Construction of 172
Wool Through the Textile Alliance. Importing 145
Wool for the Market. Preparing American 303, 316
Wool Goods Market. The 71, 151, 311, 409, 499, 601
Wool Growers Found 80
Wool, Tops and Yarn 66, 150, 310, 398, 495
Wool and Dyestuffs. A Domestic Supply of 95
Wool Grease in Argentina 346
Wool Grower and the Wool Trade. The ... 492
Wool in Manufacturers' Hands. Stocks of.. 159
Wool Goods. Shearing 523
Woolen and Worsted Fabrics in China 472
Woolen and Worsted Mills. Work in 405
Woolens. Fancy Cut Faced 439, 536
Yarn Numbering and National Illwill 70
Yarn on the Slasher. Drying Cotton 534
Yarn Twist and Strength 531

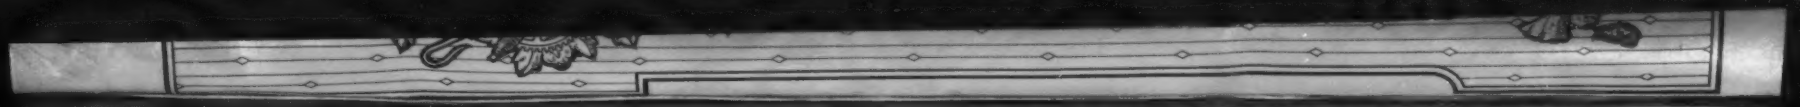
Knitting

Ball Bearings. A Hosiery Mill's Experience with (S. K. F. Ball Bearing Co.) 378
Boarding, Drying and Stripping Machine for Hosiery. The Proctor Automatic (Philadelphia Textile Machinery Co.) 282
Circular Knitting Machine. Improved 454
Cloudy Work in Worsted Knit Goods. Causes of 671
Defective Knitting 175
Fancy Knitting 274
Garter Loop Stocking. A 111
Gas Mantles. Incandescent 360
Holes in Knit Goods 171, 174, 350, 457, 547
Hosiery and Underwear. A Fabric for 676
Hosiery Frame. A Straight 673
Hosiery on Full Fashioned Machines. Fancy 674
Hosiery. Machinery for Knitting 445
Hosiery Manufacturers and Dyestuffs 67
Hosiery. Weights of 546
Increasing the Floor Space in a Knitting Mill 107
Japanese Knit Goods for England 591
Knit Fabric. An Improved 540
Knit Fabric. A Reinforced 544
Knit Goods. Flat and Balbriggan 546
Knit Goods in England. Cotton 108
Knitting Machine. A (Paxton & O'Neil) .. 355
Knitting Machine. An Improved Pearl Stitch (Grosser Knitting Machine Co.) 691
Kinks in Knitting 109
Latch Opening Mechanism for Knitting Machine. A 452
Laying Cloth. A Device for 113
Lengths for Hosiery. Standard 274, 351
Market for Cotton and Woolen Knit Goods. British 64
Mill Experience. Knitting 456
National Association of Hosiery and Underwear Manufacturers 67, 233
Needle. A Knitting 105
Philadelphia Knitting Machinery Exhibition.. 245
Press for Underwear and Hosiery. The Haubold (L. H. A. Schwartz & Co.) 451
Production and Cost in an Underwear Mill.. 358
Scouring Half Wool Hosiery 667
Seam. The Evolution of a 272
Silk Plated Coats. Knitting 361, 665
Silk Sweater Coats. Pressing 441
Speed of Knitting Machines on Neckwear ... 453
Spots on Knit Goods. Blue 103
Spring Needle Rib Machine. An Improved (Crane Mfg. Co.) 539
Stocking. An Improved 676
Sweater Machine. A Latch Needle Ribbed (Tompkins Bros. Co.) 125
Terms Used in Knitting 103, 351
Underwear. Finishing Knit 449, 541
Uneven Knit Goods 102, 349
Uneven Knitting 678
Union Suit. An Improved 273, 356
Union and Two-Piece Suits. Production 173
Union Suits. Ladies' New 677
Warp Knitting 547
Work in the Sewing Room. Eliminating Unnecessary 358
Yarn, Hosiery and Cloth. Mixed Effect on.. 677

Dyeing, Bleaching, Finishing

Alkalies, Their Strength and Valuation. Commercial 679
American Dye Making 274
American Dyestuff Industry. An 70
Aniline Colors in the United States. Manufacture of 236
Aniline Dyestuff Shortage in Japan 334
Aniline Oil and Salt. Testing 555
Artificial Silks. Dyeing 119
Black. A New Fast 557
Black for Cotton. Fast 536
Black for Hosiery. A New 551
Bleaching Card Strips 530
Bleaching and Dyeing. "Hurricane" Rotary-Circulating Machine for (Philadelphia Drying Machinery Co.) 560
Bleaching and Finishing Crepes 121
Bleaching of Cotton, Linen and Mixed Goods 551
Bleaching Methods. Quick 445
Bleaching Process. A 682
Bleaching Tanks. Best Material for 99
Bleached Stock. Sample of 447
British Dye Scheme Criticised 276
Bureau for Exchange Dyestuffs 55
Chemical Industries. Exposition of 413
Chinese Indigo. Cultivating 381
Coal-Tar Dyestuffs. The Development of ... 362
Coal Tar Dye Industry. Two Problems of the 225
Cocoanut Fiber. Dyeing and Bleaching 461
Color Card. A Standard 465
Color in Yarn. Uneven 447
Colored Woven Goods. Bleaching 443
Color While the Fiber Lasts. Permanent ... 278
Cotton Goods. The Aftertreatment of 458
Developed Black. Dyeing 100, 174
Dry Bleaching 278
Dyeing Machine. A 120
Dyeing Machine. A (Reliance Machine Works) 285
Dyeing Process. A 364
Dyestuff Problem in England. Solving the.. 495
Dyestuff Situation. The 61, 185, 307, 491
Dyestuffs. Why Worry About? 518
Facts Regarding the Dyestuff Situation. The 604
Famine in Dyestuffs. Preparing for a 402
Finishing Fabrics. A Machine for 463
Finishing of Belted Fabrics. The 684

Fireproofing Raw Cotton 533
Fulling Overcome. A Difficulty in 462
Hair Cloth. Dyeing 348
Hematine Black. A Non-Crocking 664
Indigo Crop. Great Britain Purchases 154
Industry. Developing a Dyestuff 585
Kier Wash. A 465
Logwood. Dyeing with 442
Logwood Dyes 548
Luster Finish 553
Logwood. The Emergency Use of 114
Logwood to Cotton. A Method of Applying 684
Market for Dyes. The Chinese 685
Natural Dyestuffs. The Development of the Use of 638
Natural Dyestuffs. The Revival of the Use of 219
Notice of Dyestuff Shortage. Trade 589
Nottingham Lace Curtains. Finishing ..350, 552
Russia's Dye Troubles 156
Satinizing Cotton Fabrics 278
Seydel Mfg. Co. to Make Aniline Oil 640
Shrinking Cotton Goods 556
Silicate of Soda in Dyeing Cotton 117
Situation in Bradford. Dyeing Trade 640
Steaming and Drying Machine for Textiles .. 116
Tension Device for Dyeing Machine. (John H. Giles Dyeing Machine Co.) 560
Tape. Bleaching 99
Tariff on Dyestuffs and Chemicals. A 494
Tariff on Dyestuffs. The 593
Treating Open Mesh Fabrics. A Process of.. 641
Twine. Finishing 666
Vegetable and Mineral Dyestuffs. Dyeing with 549
Waterprofing Gauze 533
Waterproofing Yarns and Fabrics 368
Wool Fabrics. Dyeing and Finishing 365
Wool Goods. Staining 667
Woolen Yarn. Bleaching 175
Yarn and Twine. Process for Treating 460

New Machinery


Ball Bearings. A Hosiery Mill's Experience with (S. K. F. Ball Bearing Co.) 378
Ball Bearings. Fan Troble Solved by (S. K. F. Ball Bearing Co.) 569
Bleaching and Dyeing Machine. "Hurricane" Rotary-Circulating (Philadelphia Drying Machinery Co.) 560
Boarding, Drying and Stripping Machine for Hosiery. The Proctor Automatic (Philadelphia Textile Machinery Co.) 282
Bobbin Winder. A New (F. A. Lazenby) ... 380
Cloth Cutting, Folding and Winding Machine. (Ireland Machine & Foundry Co.) 469
Cloth Feed for Lustering Machines. An Automatic (L. H. A. Schwartz & Co.) 374
Crabbing and Lustering Machine. The Dunn (Rodney Hunt Machine Co.) 373
Cutting Fabrics. Principle of (Cameron Machine Co.) 605
Doors for Elevators. Automatic Hatch (Salem Elevator Works) 287
Drinking Fountain. The "Puro" (Puro Sanitary Drinking Fountain Co.) 375
Dyeing Machine. A (Reliance Dyeing Machine) 285
Fireproofing Process. A New (Edwards Mfg. Co.) 125
Inserting and Sewing Elastic Tape. Machine for (Metropolitan Sewing Machine Co.).. 565
Knitting Machine. An Improved Pearl Stitch (Grosser Knitting Machine Co.) 691
Lamps with Concentrated Filaments. Mazda 128
Lock Washers for Looms. (Draper Co.) 695
Loom. A Crompton Towel (Crompton & Knowles Loom Works) 286
Oil Switch. Improved Industrial Type (General Electric Co.) 470
Oilless Bearings. The "Bound Brook" and "Nigrum" (Graphite Lubricating Co.) .. 282
Paint Reduce Lighting Bills. Making (U. S. Gutta Percha Paint Co.) 380
Paper Bobbins. (American Paper Bobbin Co.) 561
Pompon Machine. A (Philadelphia Knitting Machine Co.) 376
Press for Underwear and Hosiery. The Haubold (L. H. A. Schwartz & Co.) 451
Shearing or Picking Silk Goods. A Machine for (Curtis & Marble Machine Co.) 377
Size Kettle. An Improved (Saco-Lowell Shops) 126
Skewer Pointer. A Patent (Dronsfield Bros.) 284
Smoke, Soot and Dirt in Steam Generation. Eliminating (Green Engineering Co.) ... 565
Soap for Factory Use. Liquid (Antiseptol Liquid Soap Co.) 126
Spooler. A New (Saco-Lowell Shops) 689
Spring Needle Rib Machine. An Improved (Crane Mfg. Co.) 539
Sweater Machine. A Latch Needle Ribbed (Tompkins Bros. Co.) 125
Tension Device for Dyeing Machine. A (John H. Giles Dyeing Machine Co.) 560
Testing the Non-Staining Quality of Textile Oils. A Method for 568
Tests for Tire Fabrics. (Henry L. Scott & Co.) 562
Throttle Valve. An Improved Balanced (Lunkenheimer Co.) 470
